

NORTHEAST COMMUNITY COUNCIL

PROPOSAL 1: LIGHTING IMPROVEMENTS & BANNERS

2025 Mayor's *Beyond the Beige* Arts Grant Application

LIGHTING IMPROVEMENTS

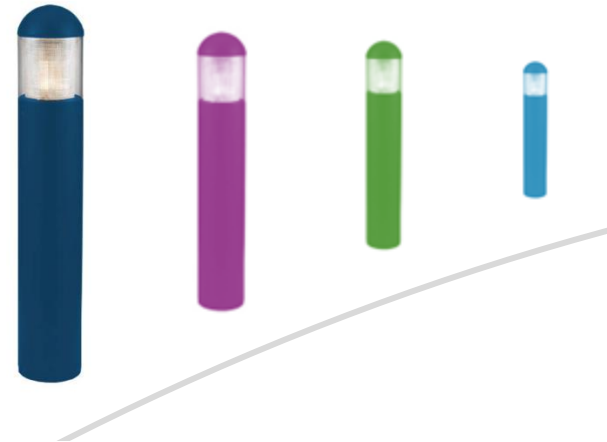

PHOTO OF CHANSHTNU MULDOON PARK AT NIGHT TAKEN 3/6/25

Existing
pergola

Incorporate lighting historically
displayed in the community

Install colorful
lighted bollards to
line the path
through the park,
especially from the
footbridge to the
end of the dog park

For more about Chanshtnu Muldoon Park, a link to the Chanshtnu Muldoon Park Master Plan approved in 2016, and this idea supported by the Northeast Community Council, see <https://muldooncommunity.org/parks/>

"DOON DANGLERS"

Northeast Community Council volunteers hang decorative lighting from the green lamp posts along Muldoon Rd and Debarr Rd. circa 2012

Muldoon's green street lamp posts have hardware for lights and pole banners

LIGHTING IMPROVEMENTS

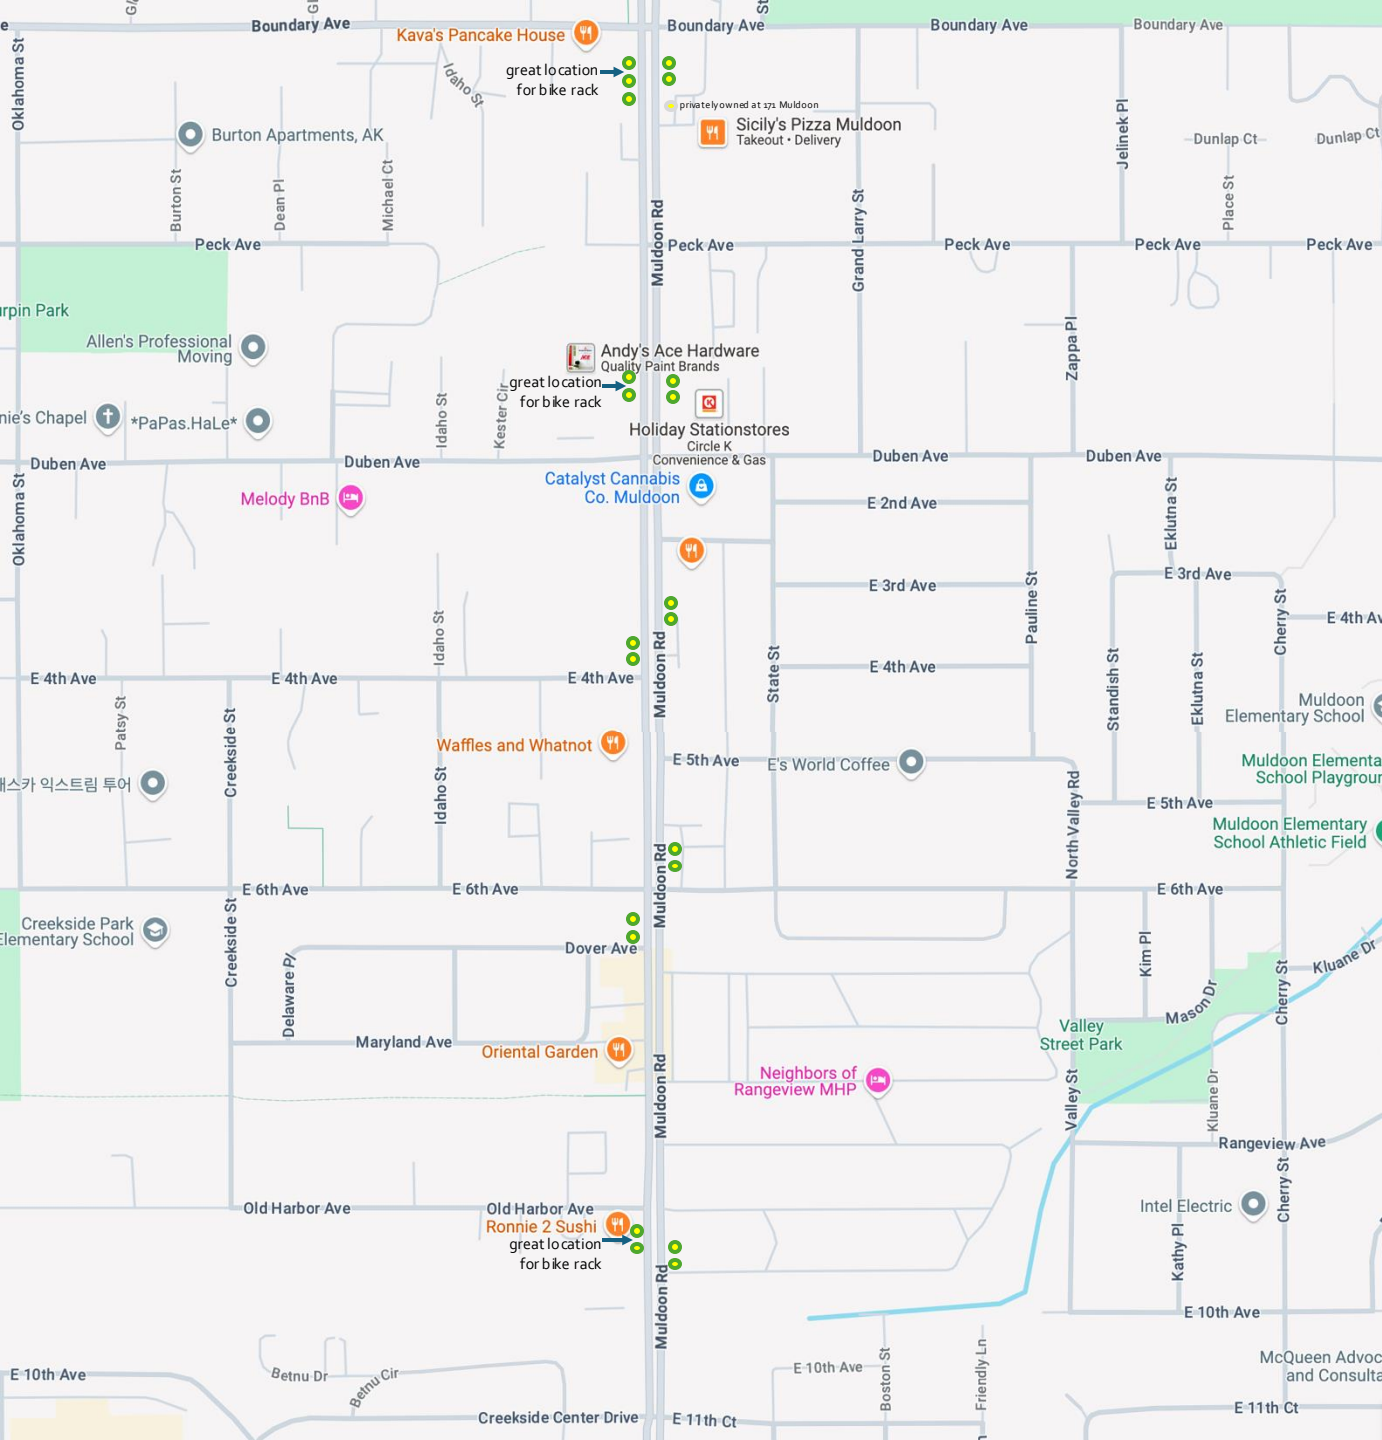

Currently there is no visual indication that you have entered Northeast Anchorage or Muldoon aside from the Muldoon Road traffic signs at intersections

LIGHTING IMPROVEMENTS

(south; map continues to the north with 11th Ct on next page)

- = Green lamp post traditionally used for hanging two "Doon Danglers" for the winter months
- = String lights and globe lights for under park's pergola
- = Colorful lighted bollards to illuminate multi-use paths through Chanshtnu Muldoon Park

LIGHTING IMPROVEMENTS

- = String lights and globe lights for under park's pergola
- = Colorful lighted bollards to illuminate multiuse paths through park

As a densely populated neighborhood in a winter city, Northeast Anchorage aims to make Muldoon and local parks vibrant and inviting to promote year-round outdoor activities.

For decades, community volunteers have hung lights from the green lamp posts around our bus stops to improve the atmosphere on cold winter nights.

In the summer, these same lamp posts can be used to hang banners to help give Northeast Anchorage a sense of place and add to Muldoon's character.

POLE BANNERS

Using the same locations on the map of green street lights on Muldoon Road and Debarr Road provided previously, banners in the same colors matching other neighborhood projects would provide a unifying visual element in the summer months.
